

EV CHARGING FOR YOUR CONDOMINIUM

Your condominium would like to learn more about your interest in electric-vehicle infrastructure and charging stations for your building. Should there be approved infrastructure development, there will be a limited number of charging stations available. This may include communal charging stations as well as a limited number of private charging stations. Please take a moment to complete the survey below. We appreciate your time in advance.

Do you currently own an electric or hybrid vehicle?

- Yes No

Are you planning to purchase an electric or hybrid vehicle?

- Yes, within the next year
 Yes, within the next 5 years
 No, I have no plans to purchase

If no, what is holding you back from purchasing an electric or hybrid vehicle?

- Charging infrastructure - I have nowhere to charge
 Range anxiety - I'm worried about how far I can drive
 Price - the vehicles cost too much
 My gas vehicle works fine for now
 Other _____

Do any of your friends or family members own an electric or hybrid vehicle?

- Yes No I'm not sure

If your condominium installs a limited number of EV chargers in your building, would you be interested in investing in a station to increase your property value?

- Yes No I would like more information

Please provide your email if you would like more information _____
